## THE PRINCIPAL'S REPORT

*"Education is what remains after one has forgotten  
what one has learned in school"*

– Albert Einstein

Pursuit of excellence with sincerity of purpose is what we at Daratassalam International Delhi Public, Riyadh strive for. Our school is a standing example of what leadership with vision, commitment and discipline can achieve. Looking back at our journey of over 15 years serving the cause of education, we are both happy and proud at the thought of the memorable milestones we have crossed, the great strides made in every field of activity.

# Sastra Prathibha's Award of 2018-19

- **'Sastra Pratibha'** Contest jointly organized by Science India Forum of Saudi Arabia and National Science Movement of India. Students of ten schools from Riyadh, Dammam, Al Ahsa and Abaha participated in the first level contest held on January 25, 2019. The top ten scorers (Marks 90% and above) from each school from grade-VI to grade-XI were selected for the second level Sastra Pratibha Contest. The second stage of the Sastra Pratibha contest was conducted across various schools in the Kingdom and 13 students were declared Sastra Pratibhas for the year 2018-19.
- **Zaheer ul Islam** of grade 8<sup>th</sup> achieved the **'Sastra Pratibha'** from our school.

# C.B.S.E. CLUSTER MEET SCIENCE PROJECT COMPETITION

**Academic Achievements Efforts Made In The Field Of Academics, Environment  
Education, and Sports Achievements Innovations, Overall Results and PTA Activity Etc.**

**SESSION 2019 – 20**

As a learning-focused school, all our decisions & all of our efforts are put in to improve learning & to provide what is best for our learners. The pursuit of excellence encouraged at DPS rests on the positive belief that every child has it in him or her to produce work, the quality of which can be described as first-class.

Our vision emphasizes the fact that learning is reflected in both achievement & growth. At school we promote a spirit of enquiry, to foster a scientific temper within the bonds of humanism. This scientific aptitude is brought to recognition by our school team, by winning the second prize in the C.B.S.E Cluster Meet Science Project Competition (Junior Category). Our girls Ishika Rawat & Aliya Khan were guided by our science faculty in bagging this recognition.

Another moment of pride was our Grade VIII boy Zaheer Ul Islam bagging the Sastra Prathiba Award—which is organized by Science India Forum of Saudi Arabia & National Science Movement of India.

DPS offers a broad range of academic program with a strong emphasis on developing excellent communication & writing skills in English, Mathematics, Arts & Science. A very proof of this is our school grooming students like Aminah Nimah, who bagged the Best Speaker Award among India Schools in KSA and Ms Sameera Parkar who won the first prize in Essay writing competition organized by the AMUAA, Riyadh.

Focusing on the development of the Mathematical & Scientific front, numerous exams are conducted at our school. One such is the National Olympiad Exam; here we have students from grade 1–10 appearing for Maths & Science out of which nearing 200 students have scored 90 and above & several cent per cent achievers.

The organizer Mr. Saad Khalid has been felicitated as the Best organizing teacher for the last academic year. The Olympiad Association has duly honoured our Principal Mr. Mairaj Mohammad Khan with “Principal of Principal Award” for his significant contribution towards the excellent performance by the participants.

Coming to our academic achievements, our Grade XII has proudly bagged a cent per cent result with our school toppers scoring 94.2 per cent in the Science stream.

We have 6 of our students scoring 95 in Physics, Chemistry & Mathematics. Our student Ms. Juhaina scored 98 in Biology, while Ayush Mathur scored 96 in Physical Education; Rehan Hussain scored 96 in Computer Science & so on.

Moving to our Grade X results, we are proud to say we once again bagged a 100% result, our topper being Falaq Paloji with a 97.2% out of our 64 students appeared 23 have scored above 90%.

However, we also know that measures of school effectiveness & learning are far more comprehensive than the information given. Those measures include a holistic look at our school & students, such as classroom-based

assessments; participation in extra & co-curricular activities; graduation rates; attendance; discipline; social–emotional development; wellness & more.

Our school has a strategic plan for the holistic development of our students through various events.

Framing our mission to drive in action in the classroom, we have weekly based speaking & listening skill enhancement sessions for all the language subjects; laboratory experiments to smart class activities for the scientific outlook. We also keep a regular watch on the development & improvement of our students through our weekly Monday Test concept. We have 4 Monday tests in a month for 10 marks; this helps the teacher & the parent to keep a constant watch on the academic improvement of the student.

Whereas to, boosting our student's confidence no other school in Riyadh provides such innumerable extracurricular activities as DPS from the very beginners of Pre-Nursery to our Grade XII students have activities from individual speaking to group activities, such as dramas, skit, singing, dancing, recitation to debates to extemporary etc.

DPS is only one of its kind, where a student gets in as naïve and goes out as a professional. This is all possible because of the well planned out the academic year. Our focus being collectively on overall development, we do not miss out the physical development, which encourages a confident persona of the student. We have a noteworthy Basketball Team who have gathered fame & appreciation by the spectators.

They have proudly represented the school in the Clusters etc. Our students have brought laurels in various events from athletics to game events.

We have students who have brought in medals in short put, long jump and so on.

DPS keeps the parents well informed through regular parent–teacher interactive sessions. Here there is a free one–to–one discussion and analysis of the wards performance and scope of improvements are discussed and measures required to be implemented for the overall development.

Parents of DPS, look forward to these interactive sessions as we are a patient listener to the queries & concern they administer and we in return assure with remedial measures from student counselling to motivation in a particular subject.

At DPS we work with the motto Service Before Self; which we not only advocate but also implement.
