SUBJECT: SOCIAL SCIENCE

TOPIC: From Hunters-Gatherers to Farmers and Herders

Objective: To study and compare the Paleolithic and Neolithic Ages and understand how the shift from hunting and gathering to farming and herding changed human life and laid the foundation of civilization.

Task: The "Evolution of Life" Chart

Create a creative and informative Comparison Chart on a standard size chart paper.

Your chart should visually represent the differences between the Paleolithic (Old Stone) and Neolithic (New Stone) Ages.

Your chart must include these 4 key pillars:

1. Food & Survival: How did they get food? (Hunting wild animals vs. planting seeds like wheat and barley).
2. Shelter & Sites: Where did they live? Neolithic sites in Indian subcontinent (Caves and rock shelters vs. mud-brick houses and pits).
3. Tools: What did they use? (Crude, large stone tools vs. polished, sharper tools like sickles and mortars).
4. Social Life: How did they live together? (Small nomadic bands vs. settled tribes and village communities).

NOTE: Kindly be adhere to the submission date: 30/08/2026
