

# Here Comes Summer!

Summer is a great time for children to relax and enjoy outdoor activities while taking a break from going to school every day.

What a wonderful time! It can also be a time to brush up on skills that were learned throughout. I am sure that children can find some time everyday to keep with what you learnt at school.

Happy Vacation!

Have Fun!

Dear Parents,

Kindly make your ward grow Fenugreek seeds (*methi dana*) or mung beans (*moong dal*) in a small container (a cup or a pot) with holes at the bottom. Help them understand the requirements for seed germination (soil, water, sunlight and air). Make sure the child is watering the seeds daily. Take the photo of the seeds on day 1, day 5 and day 10 when the saplings come out of the seeds. Paste the photos in the boxes given below:

**Dear Parents,**

**Greetings,**

To make the summer break both enjoyable and educational, students have been assigned a simple project designed to strengthen their Arabic language skills and reinforce their knowledge of the Arabic alphabet.

Task: Create an Arabic Alphabet Album. For each Arabic letter, the student should find or draw a picture that begins with that letter and then paste the picture with the corresponding Arabic letter written underneath.

**Example: أ – Lion (أسد)**

**ب – Duck (بطة)**

**ت – Apple (تفاحة)**

We kindly encourage students to complete the project as independently as possible, with guidance and support from parents when needed.

We wish you a wonderful summer filled with fun, learning, and happy memories.

**Thank you for your cooperation and support**
